

2024-12-02 - Looking back

- Disorder and harmony:
 - Egeus > Hermia (running away w/ Lysander)
 - Bottom > every role of the play
- Gender Roles:
 - Classic gender roles (men > women)
 - Lysander somewhat contradicts the pattern (his relation to Hermia)
 - Titania / Bottom reverse roles (Titania having the masculine role)
 - Hermia stands to her opinion, ignoring her father's p.o.v.
- Contrast:
 - Demetrius' aggression towards Helena in Act 3 (as opposed to 1 and 2)
 - Hermia / Lysander relationship complicates in A 3
 - dependencies vary

Tension rising in Act 3, number of commotion and disruption rise
